Technical Skills

Languages and DataBases: Java,C++,HTML,CSS,JavaScript,MongoDB
Framework: React.js, Nextjs
Visualization Tools: Power BI
CS Fundamentals: Data Structures and Algorithms,Database Management System(DBMS)
Other Skills: Web Development,Business Analysis, Data Analysis

Experience

Infosys Springboard	**Feb 2025 – Mar 2025**
Data Visualisation	*Remote, India*

• Designed and deployed a secure web application with authentication, enabling stakeholders to seamlessly access and visualize GDP and employment insights in real time, which improved decision-making efficiency by 35%.
• Conducted in-depth employment and unemployment data analysis using Power BI, uncovering key correlations between sectoral GDP growth and workforce distribution, leading to actionable insights for workforce optimization.
• Analyzed GDP contributions across Agriculture, Industry, and Services sectors for 30 Indian states, successfully identifying year-on-year growth patterns and sectoral trends that supported businesses in recognizing high-potential markets.
• Developed and implemented interactive Power BI dashboards to track GDP and employment trends, which reduced manual reporting efforts by 40% and enhanced accuracy of business intelligence.
• Extracted and presented critical insights on state-level economic performance, enabling businesses to frame data-driven strategies for investment opportunities and regional expansion.
• Applied advanced data visualization techniques to highlight inter-state disparities in GDP and employment, effectively helping stakeholders identify risks and opportunities across multiple regions.

Projects

Gym Website: Responsive Next.js Gym Platform | **Live Demo**   **|** **GitHub**
 • Developed a responsive and fast-loading gym website using Next.js, React, and Tailwind CSS, ensuring seamless performance across devices and improving user engagement.
 • Designed and implemented multiple interactive sections (hero banners, workout tips, FAQs, shop page) with animations, resulting in an attractive UI/UX that enhanced visitor retention.Awards & Achievements
 Craft Vistaar – Products Marketplace: | React, Tailwind CSS,Nodejs,MongoDB,Razorpay **|** Live Demo **|** **GitHub**
 • Built a full-stack handmade products marketplace enabling sellers to upload, manage, and showcase their products, while allowing users to browse handcrafted items through an intuitive interface.
 • Implemented responsive design and performance optimization, ensuring smooth, fast, and accessible browsing across all devices.

Awards & Achievements

 · **Cyber Security Interview | DD National Bihar (Doordarshan)**
  • Featured as a guest speaker on DD National Bihar, sharing insights on cyber security threats, preventive strategies, and best practices for safe digital usage.
  • Educated a wide public audience, raising awareness of online safety, data protection, and cyber hygiene at a national level.

Education

Amity University,Patna	**Jul 2022 – Jun 2026**
Bachelor of Technology in Computer Science and Engineering
